Jury Convicts Three Defendants In Atomic Spy Trial

Three Are Found Guilty By Jury As Atomic Spies

There Defendants In Atomic Spy Trial In New York Convicted

By JAMES L. KILGALLEN (I. N. S. Staff Correspondent)

NEW YORK, March 29.—All three defendants in America's first atomic spy trial—including a man and wife—were found guilty today by a federal court jury in New York.

They could be sentenced to death on the charges of conspiracy to steal their country's atom bomb secrets for Soviet Russia during wartime—in 1944 and 1945.

Convicted Defendants

The convicted defendants are Julius Rosenberg, 33, a New York electrical engineer, his wife, Ethel, 33, and Morton Sobell, 34, an electronics and radar specialist.

All three defendants took the verdict stoically.

Sentence will be imposed by Judge Irving R. Kaufman who will determine whether they are to be executed or given a prison term up to the maximum of 30 years.

The Rosenbergs are the parents of two young children.

A tense silence gripped the courtroom as the jury of 11 men and one woman filed into the courtroom at 11 a.m. to announce its verdict. It had been given the case at 4:52 p.m. yesterday.

Judge Irving R. Kaufman, who called the crimes on which the three stand convicted "abominable," announced he will impose sentence on April 5.

If the death sentence is not imposed—and the government did not specifically demand it—the two men and one woman could be given prison terms up to 30 years each.

Defense counsel immediately announced that appeals will be taken "to the highest court of this land," both from the verdicts and the sentences.

TWO PRESIDENTS RIDE IN PARADE

French President Resents Charge France Not To Fight

WASHINGTON, March 29.—(INS)—French President Auriol gave President Truman assurances today that France will oppose any aggression attempted against its territories.

Mr. Truman, in turn, told the French president he was "encouraged" by these assurances and has faith world peace can be maintained.

By JOHN A. REICHMANN (I. N. S. Staff Correspondent)

WASHINGTON, March 29.—French President Auriol denounced today, as cruel and unjust, charges that France is without the will or strength to fight.

M. Auriol's reaction came during a speech before the National Press Club, his first detailed argument on France's position in the free world's effort to resist Communist aggression.

The French official, speaking in French "because it will cause you

Preparing To Award Movie Oscars For Year

HOLLYWOOD, March 29.—(INS)—All Hollywood spruced up today for the greatest of all events in filmland—the 23rd Annual "Oscar" Awards to be made tonight at Pantages Theater before a sell-out crowd of 2,800 persons.

As the hour neared, it still was anybody's guess as to which stars would walk away from the theater with gold-plated Oscars.

Daily variety, the movie trade paper which was 100 per cent right in its predictions last year, claimed that a straw vote by a sampling of 1,850 members of the Academy of Motion Picture Arts and Sciences showed that Judy Holliday and Jose Ferrer would get awards for the best performances and "All About Eve" would be named the best picture.

For her dumb, blonde role in "Born Yesterday," Judy is vying for an Oscar against such screen competition as Gloria Swanson, Bette Davis (for her third award), Ann Baxter and Eleanor Parker. Ferrer drew acclaim for his "Carcano de Bergerac" performance.

Missing Yacht, Nine Aboard, Being Hunted

MIAMI, March 29.—(INS)—Ships from two nations searched the choppy Florida-Cuba straits through the early morning darkness today for the missing yacht, "Tropicair," which vanished flying the confederate flag and carrying eight southern belles and a male skipper.

The coast guard in Miami said the hunt for the 47-foot vessel centered about 10 to 20 miles north of Havana, where the "Tropicair" was sighted last Monday and where a ship fitting the description of the missing craft was spotted last night.

Two coast guard planes and several from the navy were scheduled to resume an aerial search at daylight for the yacht which left St. Petersburg, Fla., last Saturday as an unofficial "rebel" entry in the annual yacht race to Havana.

Burned Platform From Missing Plane Reported Discovered

LONDON, March 29.—(INS)—Discovery of a partially burned wooden platform identified as one which had been aboard the American air force Globemaster which was lost over the Atlantic last Friday with 53 aboard, was reported today.

An announcement from U. S. air force headquarters in Britain said that the American destroyer Benner participating in the search for the missing plane found the platform late Wednesday.

The Peiping reply was attributed to the people's world peace protection committee. This is a now familiar custom of the Peiping Red regime to let one of its unofficial organizations answer allied communications.

Wonsan Shelled Over 1,000 Hours By U.N. Warships

(BULLETIN)

TOKYO, March 29.—(INS)—North Korea's big eastern port and communications center of Wonsan today passed its 1,000th hour of continuous shelling by United Nations warships standing offshore.

The roaring guns of American and other vessels of a UN Navy Task Force have been hammering the key Communist coastal city without letup day and night for 41 days.

Rear Adm. Allen Smith, in com-

mand of UN blockade activities in the Korean war, announced tonight that the 1,000th hour of this constant bombardment was passed at 4 o'clock this afternoon (2 a.m. EST).

New Record

The admiral said that as far as he knows the task force off Wonsan has established a bombardment record unsurpassed in naval history.

He called the enemy port, 85 air

Secrecy Surrounds Reported Maneuvers Of United Nations

By WILLIAM HUTCHINSON (I. N. S. Staff Correspondent)

WASHINGTON, March 29.—An international screen of secrecy today surrounds reported maneuvers for a new United Nations offer to Red China for peace in Korea.

Some sources say the offer may be delayed for a few weeks, presumably to obtain the approval of all 14 nations now participating in the UN army in Korea.

This was disclosed today by sub-

committee Chairman Fulbright (D) Ark., chairman of the investigating committee, who encountered a stone wall Wednesday when he at-

tempted to question Casey about the highly profitable transaction.

Borrowed \$10,000,000

CASEY, a Massachusetts Democrat who is now a Washington lawyer, set up the American Overseas Tanker Corp., with a stockholders' investment of \$100,000. The company borrowed ten million dollars from a large insurance company, bought five tankers from the Maritime Commission and chartered them to the Standard Oil Company of New Jersey.

On the \$100,000 original investment, the stockholders realized a 2.8 million dollars profit when the ships were eventually sold, according to testimony already in the subcommittee's record. No corporation tax was paid because the ships were registered in the name of a Panamanian subsidiary.

Involved in the deal was Joseph H. Rosenbaum, the Washington attorney who was closely connected with E. Merl Young, husband of a

WASHINGTON, March 29.—(INS)—The argument over extension of the Kefauver crime probing committee simmered down today to a debate on how long the extension should be.

Chairman Kefauver (D) Tenn., has indicated that he wanted no extension but would not fight one. Republican members of the committee argue that the committee should be continued several months at least, while Democrats generally favor a shorter life for the crime investigation under Senate control.

Kefauver and others have suggested the job be taken over by a permanent commission, rather than a legislative committee.

Enemy Troops Contest Drive Toward Parallel

Withdrawals Made Reported In Korea's Western Sector

By LEE FERRERO (I. N. S. War Correspondent)

TOKYO, March 30.—(Friday)—Communist rear guard troops began a mass withdrawal in Korea's western sector Thursday, and a United Nations tank patrol reached the Imjin river within three miles of the 38th Parallel.

Front dispatches said the withdrawal was on the western and part of the central fronts, but Red troops left behind to cover the retreat furiously contested the UN drive toward the parallel.

Intelligence sources said the withdrawals were made by large units up to battalion size but that last-ditch units of patrol and company size fought with suicidal fury.

Step Up Opposition

Red China's forces underscored a rejection of Gen. Douglas MacArthur's truce bid by stepping up their opposition to the UN northward push.

Halting their retreat to turn around and fight, the Communists hotly disputed every inch of ground in the central and western sectors where UN columns were edging toward Parallel 38.

Only on the east coastal flank were the Allied forces able to continue pushing forward. Three Republic of Korea (ROK) troops, supported by shelling from UN warships, advanced another mile inside Red-ruled North Korea to the Namdae river, seven miles above the 38th Parallel.

Elsewhere along the transpennin front, the Communists were

Turn On Porch Light Friday Night To Aid Red Cross

To make New Castle and Lawrence county conscious of the fact that the annual Red Cross campaign for funds to carry on its many activities during the next year has fallen short of its goal, a final effort is being made Friday night, March 30, between the hours of 7 and 9 o'clock to meet the \$52,000 goal.

Many have not made their contribution for various reasons, many will want to give again rather than see the Red Cross handicapped for a lack of funds. Every citizen of New Castle and Lawrence county will have an opportunity to give, or give again, Friday night between 7 and 9.

During World War II the local minister was a chaplain with the Army Air Forces, being located in Florida, Georgia and Guam.

Dr. and Mrs. Reid are now visiting his parents, Mr. and Mrs. John C. Reid, Charlotte, N. C. He will take part in the morning worship service at Highland church on April 8.

More Executions Reported In China

HONG KONG, March 29.—(INS)—The execution of 71 more anti-Communist Chinese by the Red Peiping regime was reported today by the Hong Kong newspaper Wah Kiu Yat Pao.

Annual meeting of stockholders of Pennsylvania Power Company was held Wednesday at the company's office in Sharon. The following directors were re-elected:

P. G. Dingledy, O. E. Flora, E. E. McGill, and L. B. Round, of New Castle; S. A. Gillespie of Green Castle; S. H. Hadley of Sharon; and W. H. Sammis, of Akron, Ohio.

Following the meeting the directors met and elected the following officers of the company for the ensuing year: W. H. Sammis, Chairman of the Board; L. B. Round, President; P. G. Dingledy, Assistant to the President; O. E. Flora, Secretary and Treasurer; L. C. Hughes, Assistant Secretary and Assistant Treasurer; and D. M. Arnold, Assistant Secretary and Assistant Treasurer.

Basic Move Is Made In Ceiling Prices Program

WASHINGTON, March 29.—(INS)—Dollars and cents grocery ceiling prices moved today a step closer to the retail food counter.

The basis for such ceilings—what stabilizers called community pricing—was laid Wednesday but officials cautioned that posted prices still may be six months away.

Price Stabilizer DiSalle issued three new regulations establishing a formula for figuring the highest price retail and wholesale grocers may charge for 60 per cent of the items they sell. The new prices must be used by April 30.

DiSalle said:

"We'd like very much to take that final community pricing step right now. But because prices of basic agricultural products may change under parity—changes

Club Hears Of Mobile Radio

Bell Engineer Is Heard By Kiwanis

New Castle Kiwanis club members heard an interesting talk at their noon luncheon meeting in The Castleton, Wednesday noon, when they were addressed by Glen Jarrett, radio engineer of the Bell Telephone company of Pennsylvania, who is located at Pittsburgh.

Mr. Jarrett was introduced by George F. Seyfert, assistant plant manager of the Bell Telephone company here, who has been program chairman for the club during the first quarter.

Start Experiments Early

The speaker emphasized the fact that when the American Telephone and Telegraph company was organized in 1885, one of the provisions in its charter emphasized that they were to provide communication by cable or any other means available to any place in the world.

When radio came into being, the company began experimenting with mobile radio equipment, which was finally developed to the point in 1948, where it could be made a commercial venture.

The radio control equipment for this area, he explained, is located near Coitsville, in the Youngstown district, which serves the Youngstown, Sharon, and New Castle area. This is a land transmitter amplifier of 250-watt capacity, which broadcasts over a channel which can be picked up by a car in the area served, through an antenna on the car. This antenna is connected to a 20-watt transmitter in the car. It has a particular call signal, which can be picked up only by the car to which the message is being sent.

In turn, when the car operator wants to call a number, through the local switchboard, its 20-watt transmitter can be picked up by a relay selector, in a nearby zone, all of which overlap, in the area. The selector picks up only the strongest signal and excludes the others, bringing it in to the operator's switchboard through which the call is being made. When a message goes out to the car involved, bell rings in the car, and light flashes on the dashboard.

Mr. Jarrett answered questions of the club members on different points which were not clear to the members at the close of his talk.

porch lights are burning, so to give again, turn on your porch light.

Minimum requirements were set at \$52,000 and slightly more than \$33,000 has been subscribed, leaving a total of \$19,000 to be raised. However, no house soliciting will be done, workers will call only where a porch light is burning.

This final effort is being made through the cooperation of the New Castle News, New Castle public and parochial schools, the Perry S. Gaston post and hundreds of volunteer workers.

The need is greater this year—the double barrelled slogan, "Mobilize for Defense—Mobilize for Mercy" tells the story.

It's your Red Cross, your blood bank, your guarantee of aid and assistance should disaster strike.

It's your porch light and the volunteers will be looking for it Friday night between 7 and 9 o'clock. Give or give again to keep your Red Cross strong, especially and ready for any emergency.

less pain" than his English, declared that the historic union between the U.S. and France "is now more necessary than ever."

Outlining his functions as president of the French Republic, he explained the difference between his powers and that given the chief executive of the U.S. His office, he said, gives an assurance of continuity of policy in a nation rent with many political parties.

Cabinet crisis such as create sweeping headlines, while troublesome for him, do not indicate instability, M. Auriol said, adding that since 1947 "the team remains the same" although the "lead horse" may change.

No Cabinet Crisis

It was not the cabinet crisis of 1940 that caused France's downfall, Auriol argued, but the collapse of the League of Nations and the Russo-German combine of 1939.

"That is why," the French president declared, "I may say that we resent the accusations made against France which characterize her as without thews and sinews, and without the will to defend herself against aggression."

The insistence with which such accusations are made, even though explained by inaccurate information or partisan passions, in the long run constitute an insult as cruel as it is unjust."

Dinner Tonight

Tonight M. Auriol and his party, including French Foreign Minister Schuman and Mme. Auriol, will be guests at a dinner given by Secretary of State Acheson.

At last night's dinner Auriol recalled American aid in both world wars as well as reconstruction assistance through the Marshall Plan and by other means. In a toast to Mr. Truman he pledged:

"Our country will passionately devote its full strength to the task of peace. It will accept every sacrifice for defense. It will give its loyalty and total collaboration to all those who together wish to pursue this double task."

NEW CASTLE, PA., NEWS, THURSDAY, MARCH 29, 1951

NEW EFFORT ON PEACE IN KOREA MAY DEVELOP

(Continued from Page One)

with his historic offer last week to the top Chinese army commander to negotiate peace on the battlefield.

Rejection Expected

The Peiping radio broadcast rejecting MacArthur's peace bid as "arrogant" was expected, but the offer and reply are not expected to long delay the new U.N. move for peace in Korea.

It is regarded as significant that MacArthur declared:

"The enemy must by now be painfully aware that a decision of the United Nations to depart from its tolerant effort to contain the war to the area of Korea, through expansion of our military operations to its coastal areas and interior bases, would doom Red China to the risk of imminent military collapse."

MacArthur's opinion about Red China's potential weakness is shared by many top Pentagon officials. These believe that a full blockade of the China Coast by the Seventh Fleet plus long-range U.N.

Bombing of China's home bases would bring disaster to the Red regime.

One deterrent to direct attacks on China proper has been fear that Russia would enter the war against U.N. forces in Korea. But that fear seems to be disappearing.

The reported peace offer may well point out to China how the struggle has been a stalemate to date, with neither side winning a full victory.

Again it could be said that peace can be negotiated now with dignity to both sides.

Congressmen are paid by checks which are mailed to them; senators are paid by checks brought to their offices by messenger.

Big Four Deputies Meeting Is Delayed

(Continued from Page One)

PARIS, March 29—(INS)—A scheduled meeting of big four deputies in Paris was called off today after western delegates asked more time to consider a Soviet compromise proposal.

The representatives of the United States, Britain and France decided that they would prefer to postpone a full session and the Russians gave their assent.

It had been expected that the westerners would seek clarification at a meeting today of the new Soviet proposal for discussion by respective foreign ministers of the armaments question and other matters relating to world tension.

The western big three want to give more careful consideration to the Russian suggestion and to have time to talk to their governments.

WOMEN OF THE MOOSE 14th ANNIVERSARY

NEW CASTLE, PA., NEWS, THURSDAY, MARCH 29, 1951

Mr. And Mrs. William Buchanan Have Golden Anniversary

Over 200 relatives and friends gathered in the Rocky Springs U. P. church, New Galilee, Monday evening, March 26, to help celebrate the golden wedding anniversary of Mr. and Mrs. William A. Buchanan.

Mrs. C. H. Todd played appropriate selections on the piano as Mr. and Mrs. Buchanan ushered to chairs reserved for them, then Mrs. Gay Foster sang "I Love You Truly".

Senior Regent Doerr briefly outlined the history of the beginning of the organization, explaining to the members those who organized the chapter and those who served as the first officers. Those who were instrumental in starting the auxiliary were Mrs. Mary Rae, now deceased, who served as the first regent; deputy grand regent, Mae Metzger of Mooseheart; secretary, Harriet of the Loyal Order of Moose lodge 51, and senior regent, Mayme Montgomery of Butler, who installed the officers.

Still active in the organization among those officers who were installed are: graduate regent, Mrs. Mada Lean, and charter member, Mrs. Gay Shulff. Among those present who were honored and received gifts were graduate regents Mrs. Mada Lean, Mrs. Agnes Fish, Mrs. Della Miller, Mrs. Orpha McConnell and Mrs. Clara J. Mason. Charter members who were also honored and received gifts were Mrs. Mae O'Neil, Mrs. Mada Lean, Mrs. Bertha Dangerfield and Mrs. Gay Shulff.

The birthdays of Mrs. Nellie Glaxner and Mrs. Belle Kennedy were also observed.

"Round robin" get well cards were sent to Mrs. Rose Bishop, who is seriously ill in the New Castle hospital.

Senior Regent Doerr was general chairlady in charge of the delightful event, and Mrs. Josephine Trumble was in charge of the reservations. Mrs. Clara Ricer was responsible for the artistic table decorations.

In conclusion, Mrs. Orpha McConnell commanded Mrs. Doerr on her outstanding work as senior regent.

The next regular meeting of the Women of the Moose will be held on April 4.

On April 15 the Women of the Moose will assist the men's organization in the opening of the new addition to their building. The women will help receive guests and escort them through the new addition.

The Academy of Friendship will have their monthly meeting at the home of Mrs. Hazel Shoaff, Etta street, on April 11, with Mrs. Clara Hawk presiding. Committee in charge will be Mrs. Elizabeth Houston, Mrs. Elizabeth Cross and Mrs. Mayle McPhee, and Mrs. Robert Rook.

Mrs. Carl Cover, the special guest, was presented with a gift from the hostess. The hostess, aided by her daughter, Virginia, served a delicious lunch.

Later Miss Logan was recipient of a shower of lovely as well as useful gifts of a miscellaneous nature for her new home.

Dainty refreshments were served buffet style from a beautifully appointed table centered with an arrangement of roses and snapdragons, flanked by pink tapers. Mrs. G. S. Bennett and Mrs. Theodore Jameson presided at the tea and coffee services.

Mrs. Arthur Eckles, Mrs. Wilber Ruby and Mrs. Ralph Logan aided Mrs. Taylor in serving.

Miss Logan, daughter of Mr. and Mrs. Ralph Logan, Edgewood avenue, will be united in marriage to A. Wayne Cole, Jr., son of Mr. and Mrs. A. Wayne Cole, Washington, Pa., at an open church ceremony on Saturday afternoon, April 14, at 2:30 o'clock in the First Christian church.

J. O. Y. Class

Members of the J. O. Y. class of the First Baptist church assembled Tuesday evening with the meeting called to order by the president, Ruth Hughes. Emmy Lou Dean was hostess at her home on Katherine street. Devotions were led by Ruth Hughes, including a version of the 23rd Psalm in story form.

Following the short business session, a delicious lunch was served by the hostess.

The next meeting will be at Jean Johnston's home on Ray street. Mrs. Dorothy McNees is teacher of the class.

IRANIAN POWDER KEG

United States officials are increasingly worried for fear that Iran may be the powder keg to touch off a third world war. They say Russia may seize upon some incident as an excuse to invade the oil-rich Middle East.

Apprehension in Washington soared to a new high recently with the assassination in Tehran of Iranian Premier Haji Razmara. There were initial fears that the Communists might be behind the plot.

The fact that the assassin turned out to be a religious fanatic and not a Red calmed some of these fears, but American authorities are still worried lest unrest in Iran indirectly open the way for Russia.

The Soviet has long been known to have designs on Iran and its valuable oil fields. The United States views the vital Middle Eastern nation as a possible starting point of a new war.

UNITED STATES VS. PERON

Look for the United States to increase its pressure on President Juan Peron to reopen Argentina's crusading newspaper, "La Prensa."

The United States government maintained a non-committal attitude about the whole incident until Assistant Secretary of State Edward G. Miller returned from his trip to five South American countries.

For the record, Miller would only say that he was "deeply concerned" about the closing of "La Prensa" and the plight of its workers.

But behind the scenes, the State department has taken a very firm stand against Peron's machinations. The United States position is this:

The United States intends to maintain friendly relations with Argentina but it won't sacrifice principle. If United States-Argentina relations are to be improved, "La Prensa" must be reopened as a symbol of freedom of speech.

MOTORIZING MANNERS

Because speed is generally impossible on congested streets, serious auto accidents are not numerous in cities, but there are many minor mishaps, and countless narrow escapes. New York City Traffic Commissioner Lloyd B. Reid reduces the cause of most of them to plain bad manners.

Mr. Reid has made a survey which shows a high percentage of accidents and near-accidents directly traceable to common courtesy. Seven drivers in 10 failed to signal turns or obey "stop" signs. Blocking intersections, weaving through congested traffic and refusing to give pedestrians the right of way are other major infractions, with 50 per cent of drivers guilty.

What is remarkable about the bad manners of many drivers is that they are a complete reversal of normal habits. Commissioner Reid tells of one of his checkers who saw a driver draw up to the curb, courteously help an elderly woman passenger to the sidewalk and then, racing to a fast start, almost run her down as she crossed in front of his car.

Commissioner Reid is particularly critical of drivers who "plug" busy intersections, "interfering with vehicles trying to cross and forcing pedestrians to desert safety lanes." He says the tendency for "motorists" to bully persons crossing streets is on the increase.

Most drivers, if they are honest with themselves, will admit that they are habitually guilty of one or more of these violations. The causes for this departure from normal conduct are obscure, and probably include example, haste and the odd arrogance which comes to many when they take control of a powerful piece of machinery.

THE 'WOUNDED EGO'

Before a Senate subcommittee investigating the circumstances of the defeat of former Senator Tydings of Maryland for reelection last fall, a witness said the defeated candidate is suffering from "wounded ego." Tydings has been in the Senate since 1927.

Whether the solon's ego was wounded when he was defeated is a subjective matter, but it would not be surprising if it were so. The status of a United States move in an aura of special deference, special privilege, calculated dignity reaching far back into custom and tradition. The longer a senator serves, the more important he becomes in the senator milieu.

To be deprived of all this grandeur through electoral defeat is without doubt a sad blow to a senator's pride and ambition. If Tydings suffers from wounded ego, he is not peculiar. But the damage to the ego because of defeat is not confined to Congress.

Much greater damage is done when a president is defeated for reelection, or a presidential nominee loses, or when a man with presidential aspirations fails of nomination. In these cases the damage done transcends mere wounding of the ego—the disappointment corrodes the heart.

There isn't much question that egotism made Franklin D. Roosevelt run for the presidential office four successive times. Former President Hoover in time bounced back from his defeat. He was not content to remain in retirement. Through multifarious activities he sought to pursue an active, quasi-public life and thus to reestablish his status.

Few will ever know of the effects of the chagrin of Alfred E. Smith, Wendell L. Willkie and Thomas E. Dewey in failing to reach the White House. In a sense, a defeated presidential candidate suffers the worst ego damage of all. The applause of crowds is the headiest of diets and the goal on election morning seems so close.

In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

Concern Over Public Complacency

Disclosure by Maj. Gen. Manton S. Eddy that U. S. troops in Europe are "tactically deployed to meet possible Soviet lines of advance" focused attention today on the grave concern felt in Washington regarding public complacency.

The commanding general of American forces in Europe was speaking informally to a group of correspondents.

But he nevertheless was enumerating high state department policy.

In a world turned upside down by communist duplicity and rendered completely uncertain by Soviet diplomacy, it is a curious but undisputed fact that as much as they want peace, the guardians of democracy feel that the western populace must be kept constantly alive to the threat of war.

His clear implication was that military life can and should be a career for a family man.

Every Boy and Man

In one of his last addresses before taking over his duties as supreme commander in Europe, Gen. Eisenhower himself made a declaration that may become classic.

In effect, he said that the United States will not have been served properly until every American boy or man either looks back with pride upon a period of military service or looks forward to it with anticipation.

There never has been any question of American courage in battle and U. S. military science obviously ranks with the best in the world.

But soldiering is just not second nature with Americans. The system of armed defense that has been worked out is predicated on a basis of prevention rather than cure.

One of the factors undoubtedly contributing to the present concern in Washington is the long drawn out meeting of foreign ministers in Paris and the continuing possibility of a new big four conference.

Obviously the western allies are not going to reject any possibility of a permanent and peaceful solution with Soviet Russia on acceptable grounds. But some government spokesmen quite definitely feel that perhaps too much faith is being placed in this eventuality, to the detriment of swift and adequate protection against sudden assault.

DiCarlo Surrenders
To Federal Officers
At Younstown, Ohio

YOUNGSTOWN, O., March 20. (INS)—Joseph DiCarlo, one of three racketeers wanted on charges of contempt of the Senate's crime-probing committee, is free on bond today in Youngstown where he surrendered to federal marshals.

DiCarlo, reputed gambling boss in Youngstown, along with Cleveland racketeer James Licavoli and Chicago dice maker Joseph J. Aiuppa was indicted by a federal jury in Cleveland two days ago.

The trio faces charges of refusing to answer 31 "pertinent" questions of the Senate's crime committee when it convened in Cleveland last January.

DiCarlo surrendered to deputy marshals in the United States post office in Youngstown yesterday. The former Buffalo racketeer was released for appearance in Cleveland federal court.

The girls divided into two groups; second class girls worked on their cook badge. Tenderfoot scouts were engaged in other activities.

Balance of the evening was spent enjoying a number of games. The group formed a Friendship Circle and closed with singing of "Taps."

Dual Slaying In
California Being
Probed By Police

RIVERSIDE, Cal., March 29. (INS)—A mounting chain of circumstantial evidence today surrounded Air Force Sgt. Lawrence Walker, 20, held in connection with the dual slaying of a young Maywood couple.

Walker, negro supply sergeant from Newark, N. J., who is on furlough from March Air Force Base near Riverside, steadfastly denied shooting Richard Cook with a steel-jacketed bullet and then slaying his wife, Doris, 18, in the desert south of Riverside.

Pretty Mrs. Cook, object of a

two-day search after the body of her husband was found on a desolate stretch of highway near Lake Mathews late Monday, was found dead yesterday in a deserted gravel quarry. She had been shot in the back.

Weston W. Walrath, chief criminal deputy for the Riverside county sheriff's department, declared the evidence being accumulated Monday with Walkers' arrest in a garage where he had brought his automobile to get a crumpled fender fixed.

O'Dwyer In Hospital
For Complete Checkup

NEW YORK, March 29.—(INS)—Former mayor William O'Dwyer was in University Hospital today for a thorough medical checkup before he returns to his post in Mexico City as U. S. Ambassador.

O'Dwyer entered the hospital last night at the suggestion of his personal physician, Dr. Edward M. Bernrecker, who is director of the New York University - Bellevue Hospital Medical Center. The doctor said:

"He had a very serious virus infection when he left Mexico to come up here and it has drained a lot of his strength."

O'Dwyer spent nearly a week testifying first before the Keauver Senate Committee and then before both the New York and Brooklyn Grand Juries.

The date of O'Dwyer's return to Mexico City has not been set.

The American Museum of Natural History in New York City has 150,000 complete specimens of animals living today—from the smallest shrew to the largest elephant.

State Police Duties Under Attack By Senator S. G. Neff

HARRISBURG, March 29.—(INS)—A searing attack on duties assigned state troopers is on official legislative records today.

In a speech on the floor of the Senate, Sen. Samuel G. Neff (D) Lawrence, labeled Gov. John S. Fine's request for \$20,000,000 for state police as a plea "for the maintenance of a force of township traffic cops."

"Under the procedure established by the (former Gov. Edward) Martin administration, the state

police have degenerated to the place where they perform a limited number of duties not entirely in line with good government," said Neff.

"Among these are certain traffic law enforcements for which they are to be commended."

Neff made clear he had no brief against personnel but "let's not hamstring them from Harrisburg because it's gotten so a state policeman cannot be a state policeman."

Mrs. Clair Baldwin, Butler road, at Swan Lake, has received word of the death of Mrs. Mayme Stoughton Powell, Cleveland, O.

Mrs. Powell had a heart attack while visiting at her sister's, Mrs. Kiser, Petersburg, O., and was taken to a Youngstown, O., hospital where she died three days later. The body was taken to Enon Valley for burial where it was interred in the Enon Valley cemetery in the Overlander burial plot.

Mrs. Powell was city stenographer under the late James A. Gardner, city solicitor for many years in New Castle, and was the niece of the late Lawrence Overlander of Wampum.

Beside her sister, Mrs. Powell is survived by one niece living in Cleveland, O., although she has many friends here.

GEORGE K. STITZINGER

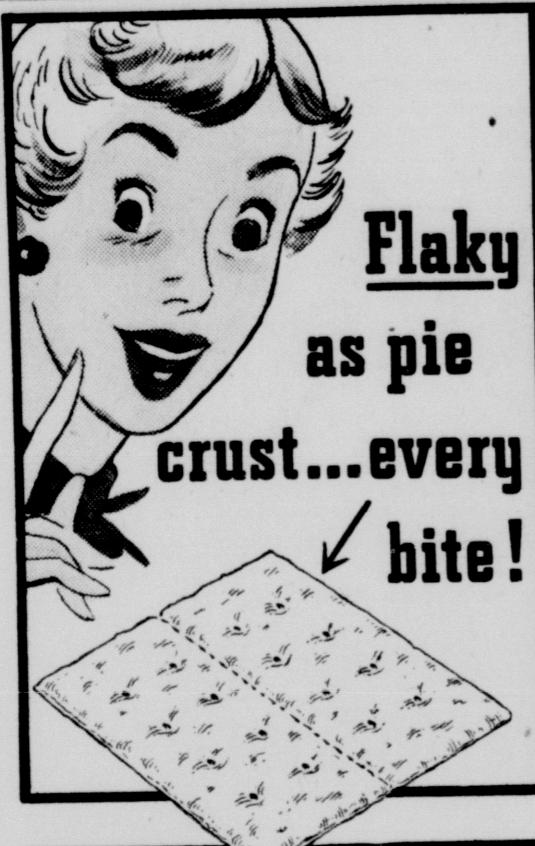

George K. Stitzinger was elected exalted ruler of the New Castle Elks lodge No. 69 during the annual business meeting conducted Wednesday evening in the Elks building, North Mill street.

In The Open

March postponed the annual pruning of the timberlands until one recent blowy afternoon when I was hoping for a quiet stroll along favored woodland trails far from the tensions and bustle of the workaday world. Following a balmy day which drove the mercury into the sixties and seduced me into cleaning up the garden, the perverse March wind broke its bonds and came roistering through the countryside. All during the night the swagging gusts rattled doors and windows, and set ban-sheets to walling in the tall trees on the timbered ridges.

Few Red-Headed Ducks

There were a few red-headed ducks against the far bank, possibly the same red-heads I had seen there the week previously. Three white-bellied coots were diving for grass in an inlet where the waves were not so high, and the glasses picked out a pair of colorful swimmers which turned out to be hooded mergansers, accompanied by their reddish-crested consorts.

On a neighboring dam a raft of little scaup came as the ring-necked duck floated warily far out and took to the air the moment I stopped to put the glass on them. There is always an exciting thrill in the stirring sight of wild ducks on the wing. I could imagine myself deep in the Chesapeake marshes as the ring-necks labored up into the wind, then turned and skidded off against the gray sky in the lowering twilight.

Trout streams are commanding the age-old siren song which lures the countryman back to the mountain camp each April. When the month of showers looms on the horizon there is a great readying of rods and oiling of reels throughout the land. Amateur fly tiers burn midnight oil and dream of conquests where hemlocks shade limpid pools and appetites grow big.

We saw an interesting sight one recent evening, which proved beyond doubt that the "voice of the turtle" will soon be heard in the land. A short freight, comprising perhaps half a dozen cars, moved down the valley behind our house in the evening gloaming. Riding along grandly behind the caboose, perhaps twenty feet up and thirty feet back, was a kite, knotted rag tail and all. There's a bit of the

eternal small boy in that brakeman, and he knows that Spring is here!

Hotel Man Tells About The Smartest Move He Ever Made

It certainly gives you an awful sinking feeling to wake up and discover you're losing interest in your work and in life in general. That's enough to make anyone start worrying, and that's exactly what happened to Tommy Allen, Hotel Peabody, Memphis, Tennessee. But he acted quickly, got himself back

on the track in a hurry, when he heard how HADACOL was helping folks who were rundown due to a deficiency of Vitamins B₁, B₂, Iron and Niacin.

The wonderful results prompted him to write us a letter about his experience. Here's what he had to say: "I am a young man twenty-nine years old and have been engaged in hotel work for the past four years. I had no appetite and was losing weight. I was constantly sick at my stomach and nothing I ate agreed with me. After eating,

my stomach would become bloated and feel uncomfortable. My condition was so bad that I began to lose interest in my work and life in general. I kept hearing about HADACOL and I decided to try it. Believe me that was the smartest move I ever made. After taking two or three bottles, I began to feel better and now after taking HADACOL for two months I feel fine. No more am I tortured with stomach distresses. Truly I can't begin to tell enough about HADACOL. I intend to keep on taking it for a long time."

Thousands have found real help, real hope for tomorrow, by relieving the cause of their sickness when due to a lack of Vitamins B₁, B₂, Niacin and Iron, with today's great HADACOL.

These precious elements are supplied in a quantity greater than the minimum daily requirements. And HADACOL provides helpful quantities of Phosphorus and Calcium too. They're all in a special, liquid form, already dissolved for quick, easy, absorption in the system.

Around Hollywood

By JAMES PADIGIT
International News Service Staff Correspondent

HOLLYWOOD, March 29—Despite a lifetime friendship in which at one point they shared the same shirt, it took Spencer Tracy and Pat O'Brien 30 years to get together in a Hollywood movie.

The two are making up for lost time with the reminiscing on the set of "The People Against O'Hara" at Metro-Goldwyn-Mayer. It is the first time that the two Irishmen have acted together since they trod the boards in "Lulu Belle" in Baltimore in 1921.

"In those days," says Tracy, "we were a couple of juveniles. We didn't have enough for a square meal most of the time."

Good Old Days

Pat and Spence shared a room, pretzels, two quarts of milk and a pongee shirt in those lean days. Today, they are tops in boxoffice draw, rated distinguished stars, and financially secure.

The story of the two Irishmen stars in Milwaukee on Prospect Avenue where the Tracys and the O'Briens lived within a block of each other. Pat and Spence palled around together with two other tough little characters known as Mouse and Dutch, they recalled. They earned spending money by helping the old lamplighter light his lamps at three cents each. In high school they joined the band, Pat on the drums and Spence on the tuba.

"Then the war broke out," Tracy recalls. "I headed for the marine headquarters to enlist but was turned down. They didn't want 17-year-olds."

Join the Navy
He was a disgruntled kid that

night until Pat dropped by to say he had joined the navy, which accepted younger men. The two are six months apart in age—Pat born in November and Spence celebrating his 51st birthday on April 6.

Spence joined the navy too and both were sent to the Great Lakes Training Station in Norfolk, Va. There the only battles they fought were on the streets. They claim that they shared the same brig.

Following the end of the war, they were given their discharge and \$30 a month by the government to continue their education. Both enrolled at Marquette University and subsequently the American Academy of Dramatic Arts in New York. Then, still together, they hunted down producers.

"That's when we discovered that pretzels and milk have nothing in common with steak," Tracy declares.

They appeared in a few New York plays then came to Hollywood and became top stars in the he-man category of romantics. Nobody thought to cast them together until the O'Hara picture came along.

"Maybe that's why we remained friends through the years," observes Spence. "But anyway it is great to be working together."

More than half of the states in the Union have towns or cities named Madison.

To Begin Leaders
Training Course

Cub leaders training course will begin Friday, March 30, from 7:30 to 9:30 p.m. on the second floor of the Penn Power service building, South Jefferson street, under the instruction of course leader H. W. Cummings.

All cubmasters, assistant members of pack committees, den mothers and prospective cub leaders are invited to attend.

The course will continue for six weeks after the opening session and will close Friday evening, May

11, at which time certificates will be awarded those meeting requirements.

Tuesday evening instructors for the course met in the scout office and the following were selected to act in that department throughout the course:

H. W. Cummings, Hi Lamphier, Fred Rowland, Dan Ryan, Charles Kelly, Roy Guthrie and J. C. Hildebrand.

BEARD BIRTHDAY

HOLLYWOOD—(INS)—Monty Woolley, the chin-plumed actor, recently observed a milestone in his fabulous career—the 25th anniversary of his beard. "A thing of beauty," appraised the ex-college professor gazing fondly at the

carefully-trimmed foliage in a make-up mirror on a 20th Century-Fox set. "And its best years are still ahead."

OUTDOOR RAMBLES with N. R. CASILLO

severe fluctuations of temperature doing the damage.

It would be interesting to compare this notably backward spring with one of the most precocious ever recorded in these parts. Do you recall much about the late winter and early spring of 1945? Unless you had some particular reason for doing so the chances are that you remember little or nothing. Most humans quickly forget weather. Here are some brief notes on that memorable spring:

Feb. 25: Temperature at noon 50 degrees. Robins reported in all parts of county. One in front yard. Flower buds of silver maples and Carolina poplars about to burst. Skunk cabbage buds above ground at edge of a rapidly melting snowbank. If this weather continues trailing arbutus will bloom in about a week.

March 13: Heard spring peepers just before dusk, the earliest I can recall. Temperature at 6:30 p.m., 58. Saw killdeer plover and mourning dove.

March 15: The pickerel frogs were tuning up at around dusk while I applied fertilizer to the grass. Temperature at 7 p.m., 70 degrees. Late that night (11:45 p.m.): Never saw so many night-crawlers in backyard at any time.

WEATHER AGAIN

About this time of the year we begin to hear reports about the damage to fruit trees. So far this year none of these reports have been forthcoming. Paradoxically, that the fruit trees have escaped injury is due to the consistently cold weather, there being but one or two nights in the past week or ten days when the temperatures were not well below freezing.

Peach trees are especially susceptible to the blandishments of spring, readily pushing out their buds at the behest of even a few warm days. These followed by a severe frost usually dooms the peach crop.

Our native trees such as the maples, oaks and others never stick out their necks. They do not fall for the intermittent caresses of few warm days; tender growth does not show itself until danger of killing frost is over.

This, seemingly, is a severe spring, and according to the records of the past two decades an unusual spring. We have been spoiled by the comparatively mild winters and precocious springs which we have enjoyed in the past. But, for this latitude the weather which we have experienced thus far is the kind that we should have every spring. Sure, it upsets early farm work, but it is inestimably kind to fruit trees and tender growths of many kinds.

The weather here in Lawrence county is influenced by our location, the extreme visibility being due to our proximity to both the Great Lakes and the Ohio valley. Since there are practically no topographical barriers we are more or less affected by the vagaries of the prevailing weather. If we could have one or the other, danger from killing spring frosts would be practically nil. As it is we are at the mercy of both, the

further, have never seen them so early. Temperature 59.

March 15: Catkins and leaves of weeping willow beginning to show. In 1943 this did not occur until April 22.

March 19: Robin started nest on pillar at east end of back porch. Three days later it was completed. Temperature dropped during the night. At 7:30 a.m., it was 50.

March 23: Mowed grass. March 29: Robin finished laying eggs.

April 3: Temperature began dropping. At 10 a.m. it was 50. Weeping willow now shows five to six inches of new growth.

April 4: Saw three blossoms on sour cherry back of garage. Earliest yet.

March 27, 1951: Temperature at 5 o'clock 60 degrees with scarcely

any sun. However, except that the tulips and daffodils are showing, and the grass is greener, things are about the same as they were a month ago.

Two Wives Of Presidents Have Much In Common

By MARTHA KEARNEY

(U. S. Staff Correspondent)

WASHINGTON, March 29.—Bess Wallace Truman and Michele Aucouturier Auriol will find they have a lot in common as the two presidential wives meet in the capital.

Both ladies acted as their husband's secretaries until events made it impossible for them to continue with their office duties. Both wield a strong influence over the chief executives.

Both are devoted to their families. The president and Mrs. Truman, of course, are completely absorbed in the career and doings of their 27-year-old daughter, Margaret.

The president and Mine. Auriol are so bound up with their 33-year-old son and two grandchildren that the entire Auriol family, wherever it may be, gathers daily for a family luncheon.

Their son Paul acts as the assistant to the French president.

His wife fled to the mountains with Mine. Auriol when the latter's resistance work resulted in an order for her arrest from the Nazi-dominated government.

Both grandchildren, 12-year-old Jean Claude and 10-year-old Jean-Paul, are boy scouts. Both are adored by their parents and grandparents alike.

When M. Auriol was imprisoned as a result of anti-Nazi activity, Mine. Auriol followed him to Peli-voisin in southern France and took a hotel room facing his prison.

Every day she walked back and forth under his prison window, hoping to catch sight of him.

For years Mine. Auriol was an effective worker in the dangerous resistance movement under the alias of Mine. Andre Vaud. She later was awarded the medal of the resistance for her work.

On her American visit Mine. Auriol will display an elaborate wardrobe from the French designers Dior, Fath and Gres. One of

Boys On Ghost

Hunt Uncover

\$33,736 In Old Bills

YONKERS, N. Y., March 29.—(INS)—Police today guarded a ramshackle mansion in Yonkers where two 12-year-old boys on a "ghost hunt" discovered \$33,736 in old bills and gold pieces under the eaves.

This was the second find in the home of the late Mrs. Agnes C. Bigelow who died last August at the age of 83 and left a one million dollar estate secreted in various places in Yonkers.

Last October a workman found \$25,000 under a rug.

On the heels of yesterday's find the executors announced the building will be torn down "piece by piece" in a search for more money.

The executors said there is no immediate way to reward the two boys, Alfred Graves and Thomas Novak, but added they will get in touch with surviving relatives to urge they be reimbursed.

For years Mine. Auriol was an effective worker in the dangerous resistance movement under the alias of Mine. Andre Vaud. She later was awarded the medal of the resistance for her work.

**Move To Change
Route Of 224 In
Poland Sector**

YOUNGSTOWN, O., March 29—The Ohio Senate's Judiciary Committee has recommended that the State Highway Department be given the power to appropriate unused cemetery land in Poland, Ohio, to speed straightening of Route 224, it was announced here.

The proposal was made as plans to handle traffic from the Pennsylvania Turnpike increased the immediate need for improving Route 224 through the village.

The right to appropriate is provided in Senate Bill 99. It is particularly needed for the Poland improvement because Poland Riverside Cemetery had enjoined the highway department from acquiring needed cemetery land for straightening Route 224.

The improvement has long been sought by the State Highway Department to eliminate three sharp turns, which constitute a "bottleneck," especially for trucks.

Senate Bill 99 has yet to receive approval of the House and Senate and the governor before it becomes law.

GIVE YOUR CHILD THE **BIG 8** IN WONDER BREAD!

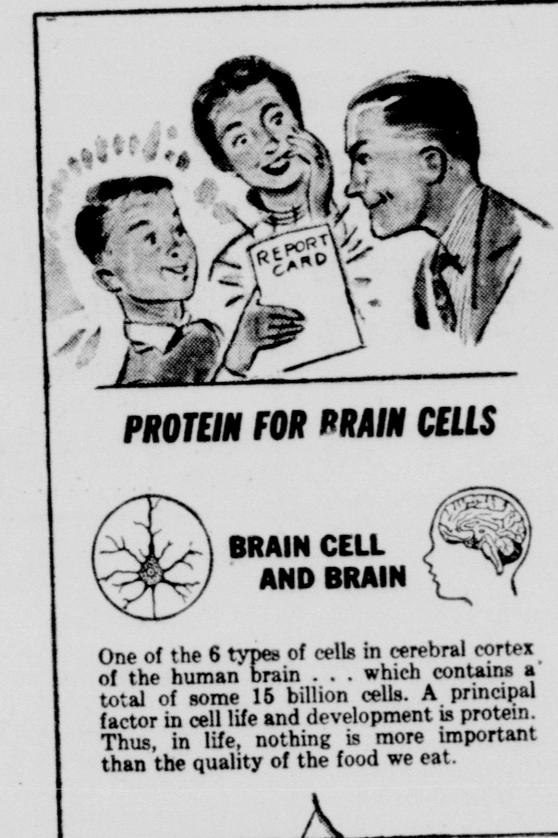

**Let The 8 Elements in
Wonder Bread Help Your Child
Grow Bigger and Stronger
8 Ways!**

**Note How Amazing Wonder Bread Compares
With Meat, Milk, and Fish 8 Ways (as shown at right)**

Is your child developing, mentally and physically, at the rate he or she should?

A recent survey of 9,543 children disclosed the shocking fact that 4 out of 5 are not well fed according to the standards of The National Research Council.

These common foods supply **ALL** the essential food elements your child needs each day: Meat, bread, milk, eggs, fruit, yellow and green-leaved vegetables.

Let your child have the "BIG 8" in Wonder Bread.

Good for Growth and Energy

As shown in the chart, Wonder Bread is very valuable—because it helps your child grow bigger and stronger 8 ways.

Growing children need **TWICE** the protein per pound of body weight as grownups.

Penny for penny, Wonder Bread gives your child more body-building protein than the average of meat, milk, fish and eggs.

Growing children require energy for work and play.

Wonder Bread is a substantial energy food. More quickly converted into energy than fat. And better than fat for child growth.

Helps Build Stronger, Bigger Bodies 8 Ways

The chart shows the 8 body and brain-building properties of Wonder Bread.

Serve Wonder Bread with meat, fish, eggs, milk, fruit and both yellow and green-leaved vegetables in a balanced diet to supply **ALL** the food elements your child must have for healthy growth.

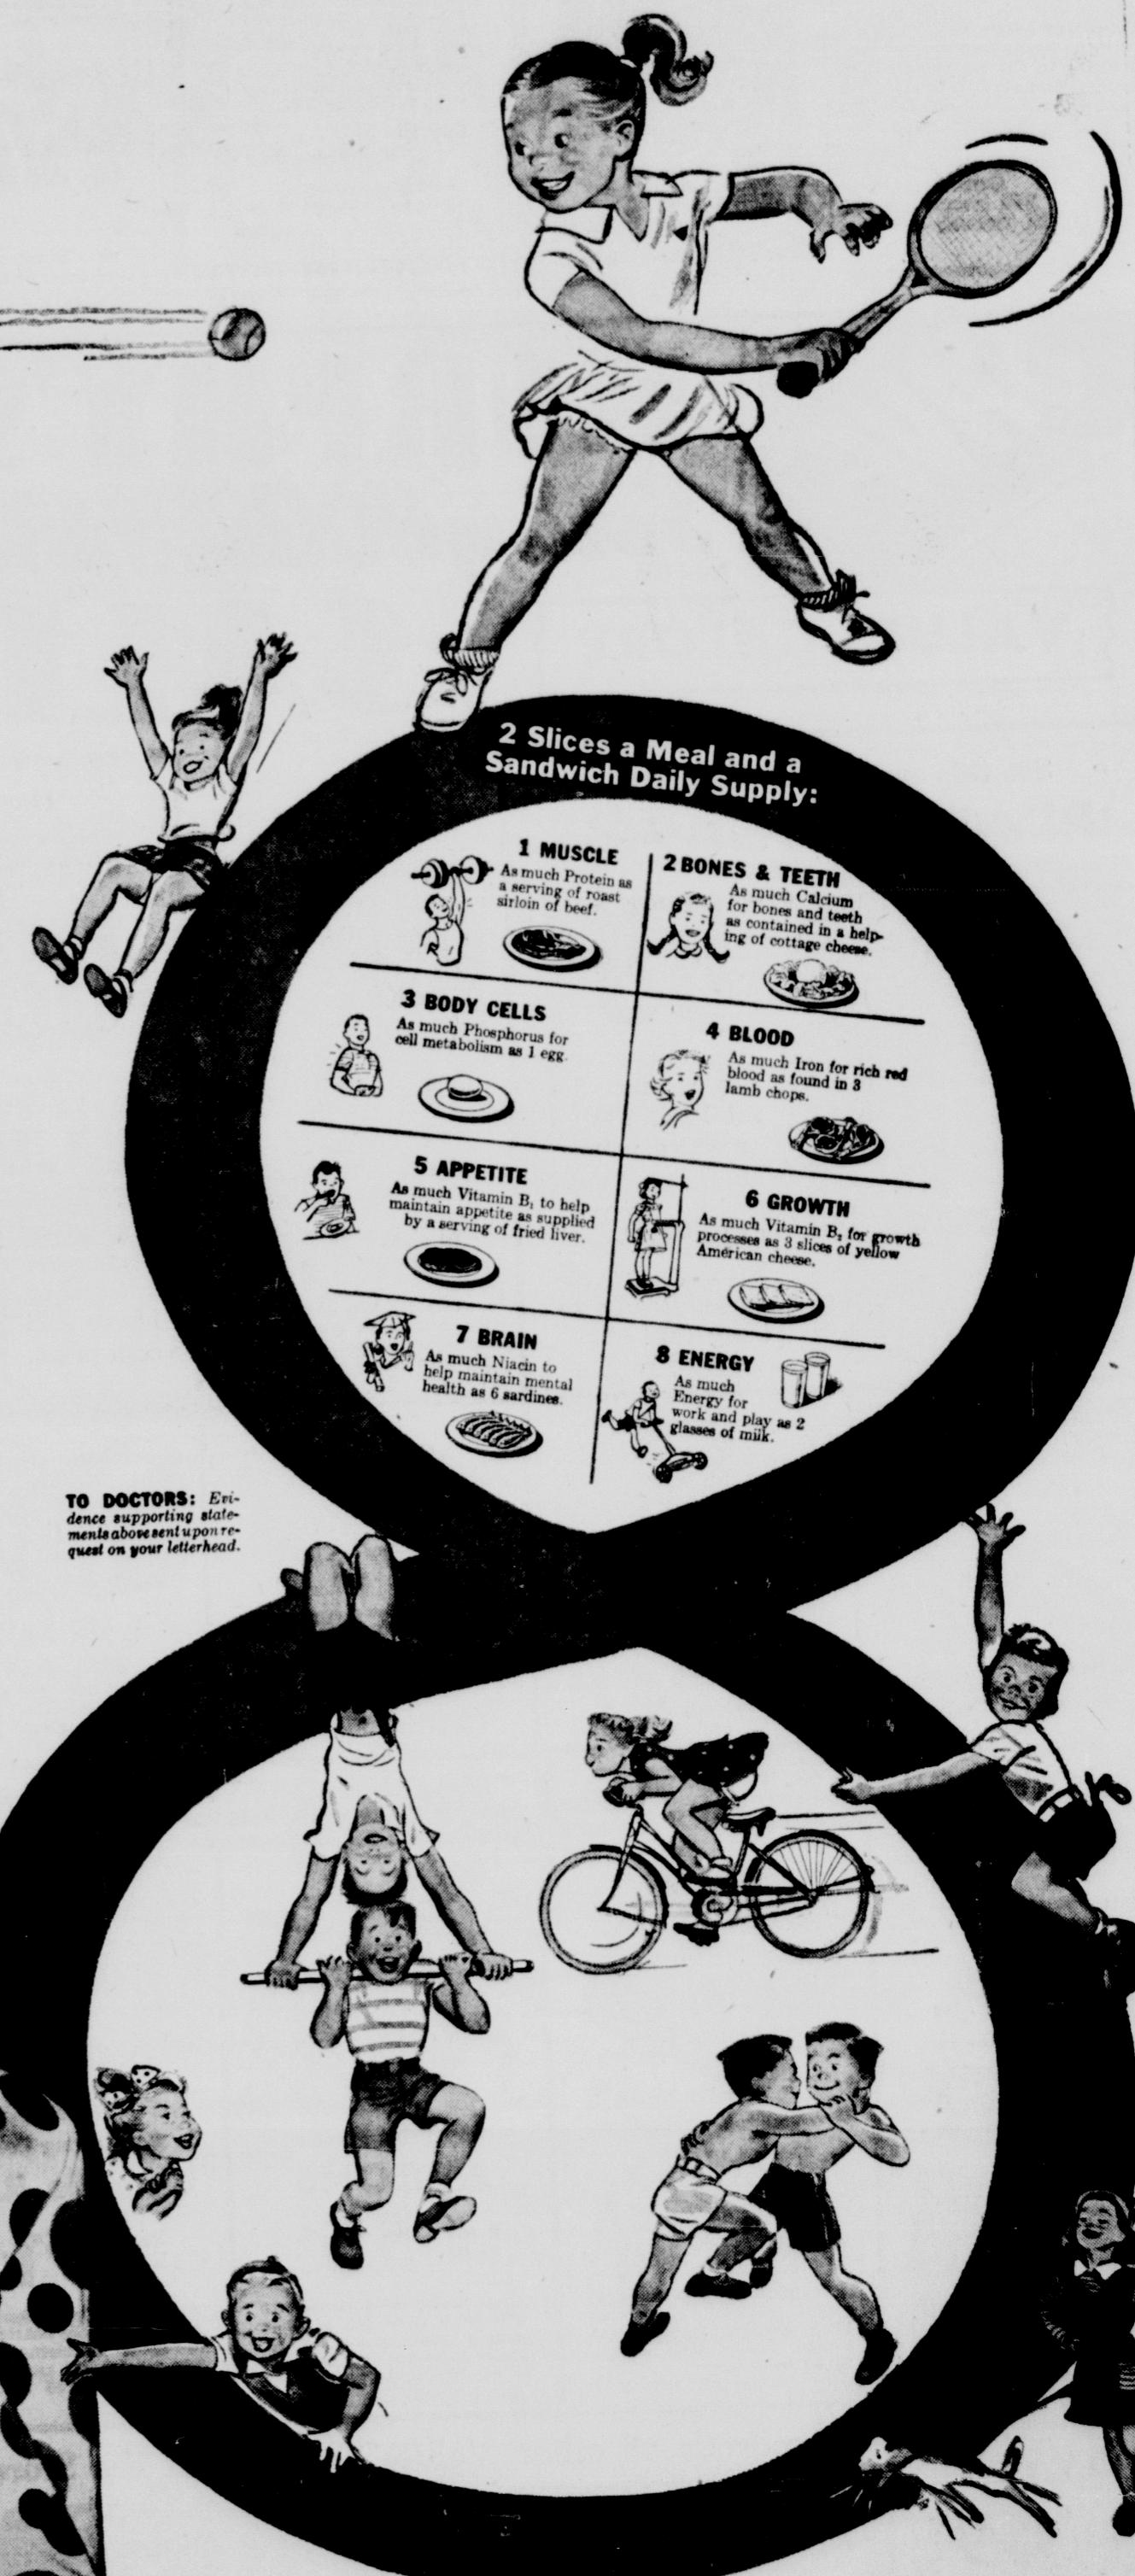

8 ounces of Wonder Bread for a growing child cost less than a dime a day. You can afford Wonder Bread for your child.

Doubly Fresh

Children love Wonder Bread. Plain or toasted. Because Wonder Bread is doubly fresh—fresh when you buy it; fresh when you eat it. Because slow-baked—13% longer than many ordinary kinds for lasting freshness.

Get economical Wonder Bread fresh from your grocer today—you'll be glad you did.

Seoul Is Slowly Emerging From War Battering

By DON A. SCHANCHE (N. S. Staff Correspondent)

SEOUL, March 29.—The shattered city of Seoul is slowly returning to life today. But it will be months before it can be made liveable for the thousands of Koreans who want to move back to their once-proud capital.

Of the half-million people who were in the city before the United Nations forces pulled out on Jan. 4, all but 122,000 remain. They are sick and hungry, but American and Korean civil assistance teams are working night and day to feed and heal them.

The civil assistance program, headed by Col. Charles Munske, Brooklyn, N. Y., brought in enough rice to feed everyone and more is waiting at the port city of Inchon.

Lt. Col. William B. Jones, a public health officer from Beaumont, S. C., is tending to the health of Seoul's people. He plans to have a well-equipped hospital operating within a few days.

Thousands of refugees are attempting to get back to their old homes but are being held back by officials because Seoul already has more people than it can hold.

Water Works Not Operating

Water is being drawn from wells which, although adequate for the present population, will not support more people.

Col. Munske says the city's water works will not be operating for at least two months.

The people who remained in Seoul after the United Nations forces left suffered mostly from starvation and the biting winter. According to some reports there were about 400,000 civilians in the city at the peak of the Red occupation.

Residents of the beaten city said the Communists did not feed them while they held Seoul. Some of them reported that even Red soldiers from the North Korean and

Chinese armies starved during the Communist occupation of the city.

Not Destructive In Looting

Surveys of Seoul's buildings by ROK and American Civil Assistance men showed that the Chinese and North Koreans were thorough but not destructive in their looting.

In some buildings it is obvious that they took out what they wanted, then carefully replaced the articles they could not use.

Col. Munske said that in some sections of the city it looked as if the North Koreans and Chinese had first begun a wholesale looting campaign, then stopped as though ordered by their commanders to leave civilian property alone.

There is no effort being made to repair the bomb and shell damaged buildings of the city. Most of the rebuilding when it is done, will require experienced construction crews and modern equipment.

Seoul is still almost dead. But one can see that it will live again as soon as the people regain their strength and health.

Charge Russians Fire On Tourists In U.S. Army Busses

BERLIN, March 29.—(INS)—American and British commanders in Berlin prepared protests today to Soviet authorities over an incident yesterday in which German Communist police fired on tourist-filled U. S. Army busses.

Eight Germans fired some 15 pistol shots on the four vehicles which included Boy Scouts among their 73 passengers.

There were no casualties among the bus passengers.

Shortly after the incident in the Potsdamerplatz, the Russian-licensed ADN agency asserted the affair was an American attempt to aggravate the international situation.

ADN charged that an East Berlin policeman was injured when he was run over by a bus.

The agency alleged that the bus passengers "provoked" the incident by photographing West Berlin youths who were distributing anti-Communist leaflets in the square dividing the Soviet and British sectors of Berlin.

Betting Center In Philadelphia Is Raided By Police

PHILADELPHIA, March 29.—(INS)—Police announced today smashing of a so-called "layoff bank" handling more than \$75,000 daily in baseball, numbers and basketball bets telephoned to Philadelphia daily from major Atlantic seaboard cities.

The raid on a central Philadelphia apartment yesterday resulted in the arrest of two men and the seizure of evidence showing \$75,000 in bets on Tuesday's Grapefruit League baseball games; \$24,000 on yesterday's games; \$5,000 in basketball bets and hundreds of small numbers bets.

Capt. John T. Murphy, the raid leader, said the wagers were telephoned from New York, Boston, Savannah, Ga., and other major cities and accepted only with the approval of an unidentified New York gambler.

Murphy said the raid was staged on a tip provided by New York Police Inspector James R. Kennedy who gave Murphy the Philadelphia telephone number to which bets were being sent from New York.

West Pittsburg Soldier Fighting In War In Korea

WITH THE 7TH INFANTRY DIVISION IN KOREA—Corporal Benard M. Camerot, son of Mr. and Mrs. Joseph Camerot, 14th street, West Pittsburg, Pa., is fighting with the northernmost United States forces in Korea.

Camerot is a member of the 17th Infantry Regiment (The Buffaloes) spearheading the advance of "Operation Killer." His regiment participated in two amphibious landings and were the only United States troops to reach the Manchurian border.

Corporal Camerot attended the New Castle senior high school before enlisting at New Castle.

Barber Of Seville Here On April 3

Rossini's Opera To Be In English

Those folks who have long professed a distaste for opera because it was in a foreign language will have that handicap removed here Tuesday night, April 3.

"The Barber of Seville," one of the gayest of all the operas, will be presented in the Cathedral by the Metropolitan Concert Guild and will be sung entirely in English.

Charles L. Wagner has had the opera translated into the English language and has brought together a cast of talented young American singers who have been successful in bringing opera to people who want to understand the language.

The cast is a large one and albeit, said to be a talented one. Tickets for single admissions are available now in the office of the Metropolitan Concert Guild in The Castleton hotel or at the door Tuesday night.

The cheetah is the fastest of any known animal. It has been clocked at 70 miles an hour for short distances.

REPAIR TREES WHICH HAVE RABBIT INJURY

Fruit trees injured by rabbits need attention at once. Rabbits eat bark often removing all the bark on the trunk of young trees. Without bark, the tree tops will die.

Treatment depends upon the age of the tree and the amount of damage. If a small amount of bark is eaten, cover the area with grafting wax to prevent drying out of the bark.

Small trees with the bark removed completely around the

tree often will develop new sprouts below the injury. If this happens, cut off the old trunk and let the new strongest sprout grow as the new trunk.

If larger trees are damaged bridge grafting can be used. This method requires a lot of work and is not always successful in saving the tree. For information on bridge-grafting, call the Agricultural Extension Office, 206 Post Office Building, New Castle.

Three Youths Are Injured

Truck Overturts On Plank Road

Three youths are injured in the Jameson Memorial hospital because a truck one of them drove at 2:45 a. m. today overturned several times on the Plank road, Neshannock township, a short distance from the city limits.

The injured are: Sam Bartholomew, 21, 139½ Atlantic avenue, said to have been driving the truck; puncture of right thigh, possible fracture of left leg.

Glenn Pearson, 20, 459 Neshannock avenue; lacerations of head and scalp; in serious condition.

Ed Blews, 18, R. D. 3; not seriously injured.

At 2:45 a. m., police headquarters received a telephone call stating an ambulance had taken three youths to the hospital, all having been injured when a truck in which they were riding upset and turned over near the Free Methodist church on the Plank road.

Previous to the accident, it was reported by Policeman Ralph Williams he had pursued the truck because it ran through red lights in different parts of the city but when it left the city limits and turned into the Plank road, he abandoned the pursuit.

Plan Amendment To Constitution Of State Federation

YORK, Pa., March 29.—(INS)—An amendment to the Pennsylvania Federation of Labor's constitution is being drawn today to permit punitive action against any member charged with using the group as a "means of personal gain".

The amendment may be adopted before the PFL closes out its annual convention tonight at York.

The organization's law committee went to work on the amendment last night after president James L. McDevitt's blistering denunciation of certain members whom he accused of promoting themselves by the labor movement.

Hold Reception For New Pastor

South Side Church Scene Of Program

Christ Methodist church, South Mill at Phillips street, was the scene of an impressive reception program, Wednesday evening, when Rev. Thomas Caliandro and his family were officially welcomed to the church and to the city.

The event postponed several times due to illness and other conflicts was well attended, with Rev. Mrs. Norman Marlin, serving as chairlady for the evening, introducing the various participants on the well planned program. The invocation was offered by Evangelist Nettie B. Peacock.

A piano-violin duet, played by John Pacelli and Mrs. Louis Fusco opened the musical portion of the program. Raymond Zarlingo of Hillsboro, pleased with an accordion solo which was followed by a vocal selection sung in Italian by Mrs. Fusco.

Mrs. Joseph Zehenak of Donora, daughter of Mrs. Sam Coco of Hillsboro, was introduced as a special guest. She is engaged in missionary work in Donora. Miss Emma Pearl, lay leader brought words of welcome for the church. Greetings were received from a number of the church trustees, who were out of the city. Greetings were read from Mrs. J. F. Rents who was to have been on the program. Dr. and Mrs. A. Acquaviva were also among the guests.

Mrs. Peacock, whistled several Gospel choruses accompanied at the piano by Mrs. Fusco. The program continued with a piano solo and greetings in Italian by Guy Casilano. The response was by Rev. Tony Giansino in Italian.

Rev. Caliandro responded graciously to all. Mrs. Caliandro and Ernest, the latter who pleased with two violin solos. Concluding the program, refreshments were served by a committee headed by Mrs. Giricini. Floral tributes added to the beauty of the occasion.

Since taking up their duties in the city, last fall, the Caliandro's have been instrumental in adding interest to the South side church. Mrs. Caliandro has organized a choir and youth fellowship meetings are increasing in attendance. Other plans are being worked out by the pastor which will build up the attendance in the church.

Motor Overheats

On Gas Furnace

City firemen were called to the home of Mrs. J. E. Rodgers, of 840 Franklin avenue, at 1:35 a. m. today, when a motor on a gas furnace blower overheated and burst into flame. Carbon monoxide was used to extinguish the blaze. A loss of around \$25 was reported by Fire Chief H. F. Steinbrink.

Early Wednesday afternoon, No. 5 department was called to the home of Frank Pronati, when a pan of grease on the kitchen stove caught fire. No loss resulted.

GOD'S WONDERFUL CREATION HOW MANIFOLD ARE THE LORD'S WORKS!

The creation of light.

"O Jehovah, how manifold are Thy works! In wisdom hast Thou made them all."—Psalm 104:24.

Scripture—Genesis 1:2; Psalm 104; John 1:1-3

By NEWMAN CAMPBELL

This lesson gives us the dramatic and dignified Bible story of the creation of our beautiful world. To be truly religious, it seems to this writer that children should be taught very early to appreciate what a truly wonderful world it is in which we live. An illustration taken from life illustrates the point. It is that of a 3-year-old child who, while out walking, called his mother's attention to a gorgeous sunset.

Those who live "close to nature," enjoying all its beauties, feel more keenly God's great goodness. While we deplore the miseries men bring on themselves and their brothers and sisters, and the destruction of earth's beauties by thoughtless men, we still gain a greater faith in God and His power to eventually, in His own time, bring brotherhood, happiness and peace to all mankind.

"In the beginning," we read, "God created the heaven and the earth." "And the earth was without form, and void; and darkness was upon the face of the deep. And the spirit of God moved upon the face of the waters." "Then God created light, and saw that it was good, and divided the light from the darkness. The light He called day, and the darkness night. That was the work of the first day.

On the second day the firmament was made and the waters under the firmament were divided from those above, and "God called the firmament Heaven."

The third day was the gathering of the waters together and named seas, and the earth appeared and was given its name.

"And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after its kind, whose seed is in itself, upon the earth; and it was so."

On the fourth day "God made two great lights; the greater light to rule the day, and the lesser light to rule the night; He made the stars also."

"And God set them in the firmament of the heaven to give light upon the earth."

The waters were peopled with life and the fowls of the air were created—"whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good."

"And the evening and the morning were the fifth day."

The beasts of the earth came next, cattle, and every creeping thing. Last, God made man "in His own image, in the image of God created He him; male and female created He them."

"And God blessed them, and said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it; and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth."

Thus ended the sixth day, and on the seventh God rested from His labors, blessed this day and made it holy.

Installation At Panther Club

New officers of the Panthers club were installed during impressive ceremonies Wednesday evening, the event taking place in the Sons of Italy club rooms.

Joseph Panella was the installing officer. He substituted for the retiring president William Russo, who was detained due to illness.

Those who assumed new offices are: president, Joseph Lombardo; vice president, Joseph Panella; financial secretary, Anthony C. Ricciardi; vice president, 11th year treasurer, Joseph Punio; corresponding secretary, Joseph Iacobucci; trustees, Dan DiCarlo, Stanley Littrenta, William J. Russo, John Fuleno, and Colombo Clause.

Various committee chairmen installed were: finance, John Fuleno; membership, Samuel Bassano; social, Steve DeAustino; house, Joseph Zagami; entertainment, Anthony Cioffi; music, Stanley Littrenta; sports, Michael Foranato; civic, B. J. Biondi; steering, Joseph A. Claveli; and sergeant at arms, Anthony Ambrase.

An informal social period followed the installation. A buffet lunch was served to those attending on tables nicely arranged. Anthony C. Ricciardi aided his committee.

April 25 is the next meeting in the Sons of Italy.

Conference At Drake Attracting

Missionary conference which has been in progress since Sunday at Drake Gospel Tabernacle, of the Christian and Missionary Alliance, (No. 2 Mine) has had an increase in attendance each night. The stirring missionary addresses and stories told each evening have been inspiring and enlightening.

Each evening, Mrs. W. C. Boyer, missionary to Congo Africa, has been showing fine and exceptionally unusual slides depicting native life and other phases of the mission work. Rev. E. A. Traux of China has been giving an interesting account of his 31 years as a missionary among the Chinese Miao, also showing his curios.

Special music is being presented nightly by Avery Rigby, Jr., baritone soloist with the missionaries being heard in native dialect songs. The services continue this evening and Friday evening, with two veteran missionaries from French West Africa, Misses Cecelia Lewis and Sallie P. Botham speaking and enacting a realistic missionary scene.

Mrs. F. A. Smith, the former Della Collins, will bring the closing missionary address next Sunday morning at 11 o'clock.

"I will sing unto the Lord as long as I live; I will sing praise to my God while I have my being.

"My meditation of Him shall be sweet; I will be glad in the Lord."

Mortician Work Attracts Seven In Leesburg Family

All the members of one family employed in the same occupation is not too unusual, but when seven members of the same family study to be morticians—that is out of the ordinary.

Mrs. Grace Cunningham Smith of Leesburg has the distinction of becoming the seventh member of the Cunningham family to take up the study of embalming. Mrs. Smith will forsake her clerical duties in the Mercer county court house on Saturday to enter a Pittsburgh embalming school.

Ralph Cunningham, father of this unusual Leesburg family, has been engaged in the undertaking business for over 30 years, and like father, four sons apprenticed and eventually opened their own business establishments in Mercer and Lawrence counties.

Raymond Cunningham opened his practice here in New Castle several years ago, while his brother, Monas Cunningham, opened a business at Bessemer. Glenn operates in Grove City and his brother, George, Jr., is located at West Middlesex.

Mrs. Smith's husband, Kenneth Smith, is presently taking his apprenticeship under the guidance of his father-in-law at the funeral home in Leesburg.

Mrs. Ralph Cunningham, wife of the elder Mr. Cunningham, is no novice in the business either, hav-

Woman Sentenced For Sister's Death

PITTSBURGH, March 29.—(INS)—Florence Perry, 29, today was under sentence of two to four years in the Allegheny county workhouse after pleading guilty to voluntary manslaughter in connection with the death of her sister.

Miss Perry admitted shooting her sister, Mrs. Gilda Stevens, 23, during an argument last October 31 over the dead woman's four-year-old daughter, Rose Marie.

To Build New Tube Mill At Sharon

SHARON, March 29.—(INS)—Sharon Tube Co. is going to build a new \$2,000,000 tube mill at Sharon.

It will replace the present mill which has operated for 25 years.

Sharon tube is controlled by Sharon and Wheeling, W. Va., interests.

Perhaps it is a harder job to look after him. We don't seem to know as much about mental troubles as physical ones.

Clergymen say that the soul has more to do with it too. They may have something there.

It has cost America about \$12 billion for educational or job aid for World War II veterans. About one of every two veterans applied for and received this aid.

"Let your light so shine" — St. Matt. 5:16

ARE YOU GOING TO LET THEM DOWN?

Getting blood for the wounded in Korea is perhaps the greatest of all Red Cross services. Lighting your light and giving generously may save some boy's life. You can't ignore their need.

GIVE!

Red Cross needs your contribution for its wonderful work . . .
 1—Increased services for the armed forces. 2—Procuring blood for the armed forces and our own Lawrence County hospitals. 3—Training 20 million people for civil defense.

Lawrence County's quota is \$52,000 and we are short \$19,000. Friday night you'll have another chance to give. Just light your porch light between 7 and 9 P.M. and a volunteer worker will call for your contribution.

LIGHT UP LAWRENCE COUNTY AND GIVE!

IF YOU HAVE ALREADY GIVEN!

Did you give ENOUGH for all Red Cross services? Did you give more than last year? The need is 50% greater this year so give and give again. Light your light and we will call for your contribution.

Farm Cleanup Week Coming

Annual State Farm Cleanup Week Starts On Next Monday

HARRISBURG, Pa., March 29—Call for Pennsylvania's annual "farm cleanup week" to begin Monday, April 2, was issued here today by the American Foundation for Animal Health and cooperating groups.

Theme of this year's cleanup week is: "Clean up for more profits through fewer livestock disease losses."

Here are some of the farm pointers suggested for the week in the bulletin issued today by the Foundation:

"1. Buildings in which live stock and poultry are housed should be cleaned and disinfected to kill disease germs and parasites."

"2. Mud holes and stagnant ponds which may harbor parasites and germs should either be drained or fenced off."

"3. Old strawstacks, common sources of infection, should be spread and plowed under."

"4. Holes in foundations, where pigs or poultry could burrow under, should be walled up."

"5. Nails, glass, wire and other objects which cattle might swallow or step upon, should be picked up. Protruding nails in mangers or partitions should be removed."

"6. As soon as possible, young livestock should be moved to pasture that hasn't been used by the same species for two years."

Authorities estimated that the annual loss from common barnyard diseases and parasites totals more than half a billion dollars.

"Much of this loss could be prevented by proper sanitation and disease-prevention measures," the Foundation said. "Cooperation of farmers, veterinarians and all livestock health authorities is urged in this annual cleanup week starting April 2."

THE FAMILY SCRAPBOOK
BY DR. ERNEST G. OSBORNE

actions seem to make very good sense. Yet both men are generally pretty normal.

As with so many things, these attitudes probably stem back to early family experience.

Men who feel as does Bill Smith are likely to have had a mother or father who got terribly anxious whenever there was any sort of illness. A slight cold or other minor ailment was "blown up" into something very serious. Fear and worry surrounded any illness. But in Tom Brennan's family, you can be pretty sure that Dad or Mother were irritated by the extra work or responsibility that illness brought. Or it may have been that Mother or Dad Brennan had a feeling that there was something weak and shameful about not being "in the pink" all the time.

Recognizing the roots of some of these quirks often will help us modify them.

THINKS TWICE

GRIMM, Ga.—(INS)—Little Bobby Cole says he will think twice before he puts another tub over his head. The nine-year-old boy recently did just that, then walked into the street, but naturally, he didn't see the automobile which struck him. Young Cole's arm was broken.

HARRISBURG, March 29.—(INS)—The state defense council on Wednesday selected Richard Gerstell, 40-year-old author of atom bomb survival literature for the federal government, as director at \$13,000 annually.

The 13-member council, established under legislation adopted by the General Assembly, met in Gov. John S. Fine's office for organization.

Dr. Theodore A. Distler of Lancaster was named chairman. Gerstell halls from Lancaster.

Council members receive only actual expenses.

Distler was the \$15,000-a-year head of the civil defense commission which was replaced by the council.

He was subjected to a cross-fire of criticism as the result of the resignation of Alton C. Miller of Camp Hill, as director, following a salary and policy dispute.

Fine issued a statement defending Distler shortly after Gerstell's appointment was announced.

Distler will return to a full time job as president of Franklin and Marshall college.

Gerstell, a former inspector for the State Game Commission, attended Haverford college and the University of Michigan.

He served in the U. S. navy during World War II and was attached for awhile to the atom bomb research laboratory at Los Alamos, N. M. He was an observer at the first atom bomb test off Bikini Island in the south Pacific seven years ago.

1950 Income Tax Payments Can Be Made At Office Here

Quite a number of county residents seem unaware of the fact

that their 1950 income tax payments can be made here, saving themselves inconvenience and in some cases money.

It was stated today by division chief Glenn A. Funkhouser that anyone wishing to pay their taxes in cash on their 1950 tax bills now being received here from the office of the collector in Pittsburgh, may use the facilities of the divi-

sion office of the collector of internal revenue, room 201, Post Office building, where a receipt will be issued for all payments in cash.

Those wishing to pay by check may send or bring a copy of the bill and their check to the local office also, where the bill will be stamped received and sent on to the collector's office in Pittsburgh.

Those who do not have a check-

ing account and who purchase a money order to send their payment in Pittsburgh, are paying an unnecessary premium, when they can walk upstairs and pay in cash.

The office of the collector here is open from 8:30 a. m. to 5 p. m. daily Monday through Friday.

Historical Spectacle Set For Meyersdale

HARRISBURG, March 29—

Forty-five singers representing Berlin, Salisburys and Meyersdale will provide background music for the colorful historical pageant to be held April 13, 14 and 15, in conjunction with Somerset county's fourth annual Maple Festival at Meyersdale, April 14 and 15.

The four-episode pageant, por-

traying the county's early history and development, will be highlighted by the crowning of the 1951 Maple Queen, the queen's ball, a parade and the queen's banquet.

Each year thousands of visitors

come to Meyersdale to see the spectacle of the Maple Festival, held in recognition of tree tapping time in Somerset as well as other Pennsylvania counties where maple syrup and sugar are produced.

The head of the boar was considered a Christmas delicacy during the days of Henry VIII of England (1491-1547).

MANY DOCTORS REQUEST PROFESSIONAL SAMPLES OF

HADACOL

(A Vitamin and Mineral Formula)

Many Doctors Recommend HADACOL to Patients For Aches and Pains Resulting From Deficiencies Of Vitamins B₁, B₂, Niacin and Iron

The growing familiarity of Physicians with the great modern formula, HADACOL, is resulting in many of them requesting that professional samples be sent to their offices. The record shows that hundreds of Doctors recommend the HADACOL formula to their patients.

If your life has been made miserable by aches and pains—if you suffer from indigestion, gas, heartburn—if you are pale, have no appetite, find it difficult to sleep and are irritable or nervous—if you complain of listlessness or a general run-down condition—if you are tormented by these ailments and your sickness is due to deficiencies of Vitamins B₁, B₂, Niacin and Iron, then you should take HADACOL.

You see, HADACOL doesn't give just symptomatic relief. It goes right to the basis of your troubles and relieves the real cause of these complaints by overcoming such deficiencies. HADACOL can start you on the road to feeling better, often within a few days' time. And, if you take this fine family formula regularly, it helps prevent these deficiency-caused ailments from returning.

YOU'LL FEEL GREAT—OR YOUR MONEY BACK*

*Ask your Druggist for a bottle of HADACOL today and look forward to a brighter tomorrow. Trial size bottle, only \$1.19. Large family economy size, \$3.39. You'll feel great with the first few bottles you take, or your money back.

Thousands of Letters Pour In From All Over America Telling About Splendid Results Secured From Use of HADACOL!

Read what HADACOL is doing in conditions which may be due to deficiencies of Vitamins B₁, B₂, Niacin and Iron.

Mrs. Robert E. Lea, 1208 Enid St., Houston, Texas: is a housewife and mother who also works for a large department store. She says: "I was weak, tired and run-down. I'd felt that way for quite some time. I had no energy. I heard about HADACOL and took 3 large bottles. Now I feel just wonderful. I have plenty of energy and strength and I never get tired any more. I think HADACOL is wonderful."

Joseph N. Damillot, 3414 E. 5th Street, Dayton, Ohio: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL, I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

Mrs. Flavia C. Kaufman, 2436 70th Ave., Baton Rouge, Louisiana: "I have been taking HADACOL for over a year. Before I started taking HADACOL, I was terribly nervous and upset all the time. I was underweight and just couldn't eat at all. My appetite was so lax that I ate irregularly at all hours of the day. Then I started taking HADACOL. After the third bottle I felt 100% better. I have gained weight, my appetite is tremendous and, best of all, I sleep well nights and my nerves are steady as can be. HADACOL is a very wonderful product. I just can't praise HADACOL enough."

Mrs. Sara Loraine Beck, Box 253, Co-ker, Alabama: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 15 years old. HADACOL has done me lots of good."

W. L. Denmon, 1104 Enid St., Houston, Texas: "I had been bothered with aches and pains for some time. It seemed to be getting worse. It began to show in my work, too. I just didn't feel up to my job. I'm a paperhanger and the aches and pains nagged me so that I couldn't do a good day's work. I read about HADACOL and started taking it. After the second bottle I began to feel better. Today I feel fine. I do a full day's work without a bit of trouble. I'm really sold on HADACOL. It's wonderful."

Mrs. G. E. Moncus, 221 Columbus St., Montgomery, Ala.: "Quite some time ago I began to have indigestion and sour stomach. My food just didn't digest right. I'd get a full, 'gassy' feeling after I ate. This affected my appetite and my weight. I was run-down, too. My wife started taking HADACOL and so did my daughter. I saw how much it had helped them, so I started taking it. And HADACOL has certainly helped me, too. My stomach never bothers me any more. I have a terrific appetite. I have lots of pep and energy and just feel good in every way. I wish I could tell everyone how wonderful it really is."

Dan Goldsmith, 3024 Curran Road, Louisville, Ky.: "Before I started taking HADACOL I was run-down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business, I saw how many folks were asking for HADACOL, so I decided to try it myself. After the first couple of bottles I could tell definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest—HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill.: "I have been a nurse for over fourteen years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and am full of energy."

James D. Singletary, 236 Oak St., Louisville, Ky.: "Before I started taking HADACOL there wasn't a person in the world who could get along with me—seemed like the least little thing would upset me. I was tired all the time and it really affected my work. I had a hard time sleeping—just roll and toss and cat-nap all night long. I didn't eat properly either. Then one day I heard how other folks with the same troubles I had were being helped by HADACOL. I tried it and noticed an improvement after the first couple of bottles. Now I feel good."

Delmar B. Callaway, Box 151, Church Point, Louisiana: "I am 13 years old and I am in the 8th grade in the Church Point High School. Last summer I didn't have a bit of energy. I didn't want to ride my bike and I didn't want to play baseball. Mother tried everything to get me to eat a good meal—but I just didn't feel like eating. Food just didn't taste good and lots of times food would upset my stomach when I did eat. Mother says I was underweight for my age. Then mother started giving me HADACOL. I know that just a little while I started feeling a whole lot better. Now I am center on the football team. I like baseball and basketball, and I ride my bike every evening after school. Mother says she has never seen anyone with such a huge appetite. I like to take HADACOL. Mother says she is never going to let me be without HADACOL."

Mrs. J. P. Macaule, 408 Radiance St., New Orleans, La.: "I have taken at least 5 bottles of HADACOL. Before I took HADACOL, I was very nervous. My family was affected, too, because I was so irritable. Then my sister suggested I take HADACOL and I started taking it immediately. After the second bottle I felt like I had taken all the troubles of the world off my shoulders. My nerves are now as steady as ever. My family thinks HADACOL is wonderful because it has helped all of us."

Mrs. A. L. Bush, 429 S. W. 19th Road, Miami, Fla.: "I am 45 years old, and had been suffering from aches for some time. But, now, I have used HADACOL for three months, and am happy to feel so fine."

Leo D. Fisher, 901 Charles Street, St. Joseph, Missouri: "I am a veteran of World War I. I have had stomach distress and was nervous and could not eat my fried foods. I started taking HADACOL. I have taken 8 small bottles and now I am on my second large bottle. I eat anything I feel fine and sleep good, thanks to HADACOL. I have recommended HADACOL to many people and they are taking it. I am a booster, for I cannot do without it."

Mrs. Emil Anderson, 3632 Washington, Detroit, Mich.: "I have had aches and pains and I have felt as miserable as I did. Then, while visiting my son and his wife in Morton-Gap, Ky., he told me how his mother had been helped so much by HADACOL. I brought HADACOL all the way home to Detroit with me. I could tell a big difference after the second bottle. So far, I have taken 6 or 7 bottles of HADACOL. What a wonderful change has taken place—there is hardly an ache or pain in my whole body. Yes, HADACOL is wonderful—and you can bet your life I will never stop taking HADACOL."

Mrs. Zina Lee Bowman, Route 6, Cress Ferry Road, Nashville, Tenn.: "I was so weak I could hardly do my housework. I am 30 years old. I am the mother of 9 children. I was so nervous I hardly wanted the children to speak. I used to rest after I got breakfast and before I cleaned my house. I have taken almost 4 bottles of HADACOL, and I feel fine. The children can make all the noise they wish and it doesn't bother me. In fact, I join them in their ball games and other games. We are a happy family, thanks to HADACOL."

Animal Shelter Fund Swelled By Dog Lovers

An anonymous contribution in a very generous amount, given in the name of two New Castle dogs, "Jinks" and "Donald", has swelled considerably the Lawrence County Humane society's fund for erecting an animal shelter in New Castle.

Members of the Humane society were enthused last night during their special meeting in the YMCA when the short note received read: "Shelter given by two well loved dogs to their unfortunate brothers and sisters" and signed "Jinks and Donald". A postscript to the letter read "Perhaps a pet cemetery could be established also". A generous contribution accompanied the letter for use in erecting the much needed animal shelter here.

The special meeting called on Wednesday evening, which was well attended, was for the purpose of consummating plans for the rummage-auction sale which will be conducted Friday evening, April 6, in the show room of the Morgan Motor company, North Jefferson street.

Volunteer Services

Announcement was made that a number of outstanding Lawrence county auctioneers have volunteered their services gratis on that night in order to help the cause along and facilitate the erection of the new shelter. One auctioneer from Butler county has also offered his services.

The Lawrence County Humane society is depending on its friends throughout the city and county to contribute articles for the sale next week. Arrangements have been made to call for any articles if contributors will call 2917, when a truck will be sent to pick up the merchandise.

All monies realized will be used exclusively for the work of the Humane society in their efforts to provide facilities for the unwanted animals of the district.

The event which is already attracting widespread attention will begin at 6 p. m. on April 6 and will continue until all the articles contributed are sold. The Humane society, which is a comparatively new organization has received its charter and holds regular meetings in the YMCA. It operates as a non-profit organization.

Sisterhood To Conduct Services

Annual Sisterhood Sabbath of Temple Israel will be conducted Friday evening, March 30, at eight o'clock at Temple Israel. Members of the religious committee of the Sisterhood will conduct services.

Mrs. Simon Skole will be the guest speaker. Her subject will be "The Perennial Best Seller".

Air Force Test Rocket Fired In Public First Time

ALAMOGORDO, N. M., March 29—(INS)—An Air Force test rocket, to develop protection for U. S. citizens against bacteriological and atomic warfare, has been fired for the first time in public.

The aerobee-type missile was fired yesterday at the firing range of Holloman Air Force Base and it zoomed rapidly to a 61-mile altitude. At the maximum altitude, the rocket exploded 100 pounds of common table salt for visual and spectroscopic study.

Air Force scientists theorize that free salt is carried aloft by wind currents and then is dispersed into sodium particles by the sun's energy. Common table salt is composed of sodium and chloride.

Their findings will be used to test the theory.

Studebaker Plant To Lay Off 4,000

SOUTH BEND, Ind., March 29.—(INS)—The Studebaker Corporation today announced approximately 4,000 employees will be laid off at the South Bend, Ind., plant beginning April 2.

P. O. Peterson, vice-president in charge of manufacturing, blamed government restrictions on certain materials for the 20 per cent factory employment cutback.

Peterson said Studebaker passenger car schedules have not reached a full-time basis for several weeks.

official total of American casualties in Korea today rose to 57,120, an increase of 1,306 over last week.

The new total includes 9,602 dead, of which 8,511 were killed in action, 1,004 were fatally wounded and 87 are known to have died in Communist captivity.

The non-fatally wounded totaled 8,507. Other figures in the summary are: 9,430 "currently missing," 111 "currently captured," and 1,063 who were missing but who have returned to U. S. lines.

The army has suffered a total of 47,450 casualties, the marine corps 8,602, the navy 628 and the air force 440.

The list is made up of casualties where next of kin have been notified through the previous Friday, and lags about three weeks behind the actual total of casualties in Korea.

New Castle Citizens Baseball Inc., Names 25 To Board Of Directors

Al Scarazzo Renamed President; Indians To Challenge For Flag

New Castle Citizens Baseball Inc., took action at the Hotel New Penn last night that will insure a tremendous success for the New Castle Indians this summer in the Class C Middle-Atlantic league if enthusiasm is any criterion.

The annual election of directors for the ball club took place and instead of the original 20 men, a list of 25 were approved as new directors, by unanimous vote.

Al Scarazzo Renamed President

At a meeting of the newly named directors last night following the meeting, Al Scarazzo was re-elected as president; William F. DeCarbo, vice-president; William W. Smeal, treasurer; Rocco Vitale, secretary, and two trustees, C. Scott and Anthony Conti.

The following list of professional and business men will serve as newly elected directors of the New Castle Indians—Al Scarazzo, John C. Scott, Dr. Samuel W. Perry, Jr., Dr. Ralph G. Campbell, Dr. William D. Cleland, Dr. Thomas Uber, Anthony Conti, John Wajert, W. W. Smeal, William F. DeCarbo, Dr. James A. Gillespie, Rocco Vitale, Clark McClelland, Anthony Conn, Art Prioretti, Joe Gorgacz, Sheriff Frank Coen, Arson Armond, Michael Babovsky, John DeMonaco, Romeo Calaloca, Robert Mills, Anthony "Kiski" Marino, Carl "Buffalo" Ciallella, Harry Reith.

All Walks of Life

The new board is comprised of men in all walks of life in New Castle, with no discrimination as to race, creed or color. It is the most cosmopolitan board that could have been selected.

All of the new directors were high in their praise of what the nine-member board did last year against tremendous odds. With 25 shoulders to the wheel this year a lot more can be accomplished.

It is a big undertaking, this baseball business, and the more men helping out will assure its success.

Lewis Equipment Manager

Young Jack Lewis, newly-elected business manager will also assume the role of equipment manager for the Indians. He will have the complete purchasing power invested in him, along with supervision of the advertising and the concession.

The Cleveland boy is doing a sensational job here of getting the Indians' house in order. It is a big undertaking.

Milnar Here Today

Al Milnar, the newly-elected playing-manager, will be in New Castle today, while en route to Daytona Beach, Fla., the training site of the Cleveland Indians' minor league clubs. Milnar, a former star Cleveland Indians hurler, will look over the material in Florida and will seek a pitchers to help out here this summer.

prominent Southside business executive has been re-elected as president of the Board of Directors of the New Castle Citizens Baseball, Inc., operators of the New Castle Indians in the Class C Mid-Atlantic League.

Mr. Scarazzo's re-election came in view of the fact that only super-human effort on his part has organized baseball been kept alive in New Castle. Not only has he contributed his valuable time, but has also invested heavily in the venture to give the fans the kind of baseball that New Castle deserves.

Utah-Syracuse Enter Semi-Finals

PEORIA, Ill., March 29.—(INS)—Utah and Syracuse joined Bradley and Wyoming last night as semi-finalists in the National Basketball Tournament sponsored by Bradley at its Peoria campus.

The four teams enjoy a day of rest today before Bradley, the favorite, meets Wyoming tomorrow night and Utah plays Syracuse. Finals will be held Saturday.

Utah's Glen Smith turned in the top individual performance of the tourney last night by scoring 19 points in the second half to lead the Utes to a 67 to 65 victory over Villanova. The tense battle was deadlocked 16 times.

Mike Smith and McCoy paced a second quarter Steeler rally that first put Farrell into the lead after Westinghouse jumped off in front in the opening frame.

Col. Charles Young Rifle Club Members Will Be Given Awards

Members of the Colonel Charles Young rifle club and their wives will meet at the home of Secretary Thomas Farrow, Friday night to celebrate the second anniversary of the club.

Dr. G. W. Garnett will give a short talk on clean sports and will then present medals to the wives of those who qualified in 1950.

Farrow-McHenry High Men

The N.R.A. medal for the champion of the year for having the highest aggregate score in pistol shooting was won by Tom Farrow, while Raymond McHenry won the rifle shooting aggregate medal.

Other medals will be awarded as follows: 30-M-1 caliber expert—Raymond Webber, Raymond McHenry; Thomas Farrow, 22-caliber expert—Richard Wynn, Dennis Walker, Raymond McHenry; Tom Farrow and Lindsey Mauldin; sharpshooters—Milton Webb, Ira Camp, Earl Webber, Dennis Walker, Lindsey Mauldin, Raymond Webber; marksmen—Milton Webb, Richard Wynn and Ira Camp.

Elks Congratulate Farrell High Team

Rube Kennedy and other officials of the Elks Quarterback club today forwarded to Coach Eddie McCluskey of Farrell high school a letter congratulating Farrell for their basketball win over Westinghouse last night, and wished them success in their game against Allentown, at Philadelphia, Saturday in the play-off for the State title.

Hornets Enter Semi-Finals

The Pittsburgh Hornets have joined the Cleveland Barons and Hershey Bears in making a clean sweep of their opening round playoff series in the battle for the American Hockey League's Calder Cup.

The Hornets, who were thrown out of the playoffs and then reinstated by the league's board of governors, hung the third straight defeat on the Springfield Indians last night, 7-2. The other two games were shutout victories for the Hornets.

Pittsburgh now meets Hershey in the best of five game semi-final series starting Friday in Hershey. Winner of the series clashes with the Barons in a best of seven series for the Calder Cup trophy.

A revengeful Syracuse five squares off tonight in Syracuse against New York's Knickerbockers in the second game of the NBA playoffs. The Knicks took the opening Garden contest, 103-92.

The tilt reached its height towards the close of the game when the scrapping Nats cut an 11-point deficit to 90-87 with two minutes to go. However, New York pulled away soon after Syracuse star Adolph Schayes fouled out, the big city team pulling away on a six point lead that clinched the contest.

Chico Carrasquel, the Venezuelan firecracker who came to the United States to make a Yankee dollar playing baseball, is earning his spring pay from the Chicago White Sox by belting Yankee pitching.

The White Sox shortstop paced a 12-hit attack off three New York hurlers with five safeties including a double, that paved the way for a 10 to 8 victory for the Chicagoans yesterday.

Carrasquel drove home two runs and made his hitting figure against the world champs 8-for-13 in three grapefruit league games.

A home run by Sid Gordon in the third inning provided the Boston Braves with the winning margin as they edged the Philadelphia Phillies, 3 to 2. Likewise, it was an inside-the-park three-run blast in the first inning by Henry Thompson that provided the New York Giants with a 4 to 1 win over the St. Louis Cardinals.

The Cleveland Indians continued on their high-scoring way, downing the St. Louis Browns, 11 to 7.

The Pittsburgh Pirates clubbed the Chicago Cubs, 11 to 2 and the Brooklyn Dodgers and Philadelphia Athletics battled to an eleven

inning, 7 to 7 tie. Cincinnati's Reds trounced the Indianapolis Indians, 13 to 2.

Hanks Lead County Fives; Bob Carlson Paces Scorers

Hank A. C. and Universal's Bob Carlson captured top team and individual honors in Lawrence county independent basketball circles for the season that has just ended. The Hank A. C. finished with the best team mark (19-2), while Carlson captured the individual scoring toga by way of his 450 point total.

Close behind the Hanks came United (18-3), a team composed of practically the same players as the Hank A. C. Universal follows with a 26-6 mark.

No Attempt At Rating

No attempt has been made to rate the teams, other than showing their won and lost records, due to the wide variety of opponents met. Most of the teams listed, however, met teams of high caliber and

New York Stocks

Stock Market
Slightly Higher

NEW YORK, March 29.—(INS)—The stock market rallied fractions to a point today in the wake of yesterday's abrupt sinking spell. Brokerage sources attributed the comeback to the rejection of a Korean truce by the Chinese Reds. DuPont was prominent in the industrials, gaining a point to 881 1/2. Fractional advances were chalked up by Chrysler, General Motors, U. S. Steel, General Electric, International Paper and Woolworth.

Southern Pacific was up 5/8 to 64 1/4 in the rails, with lesser gains credited to Northern Pacific, St. Paul, New York Central and Western Maryland.

Curb stocks held narrowly. Electric Bond & Share was unchanged. Kaiser Frazer was off 1/4 and Pennroad was up 1/8.

The bond market was mixed with U. S. governments steady. In commodities, wheat and corn rose about 1 cent a bushel each, as contrasted with a sell-off of \$1.50 a bale in cotton.

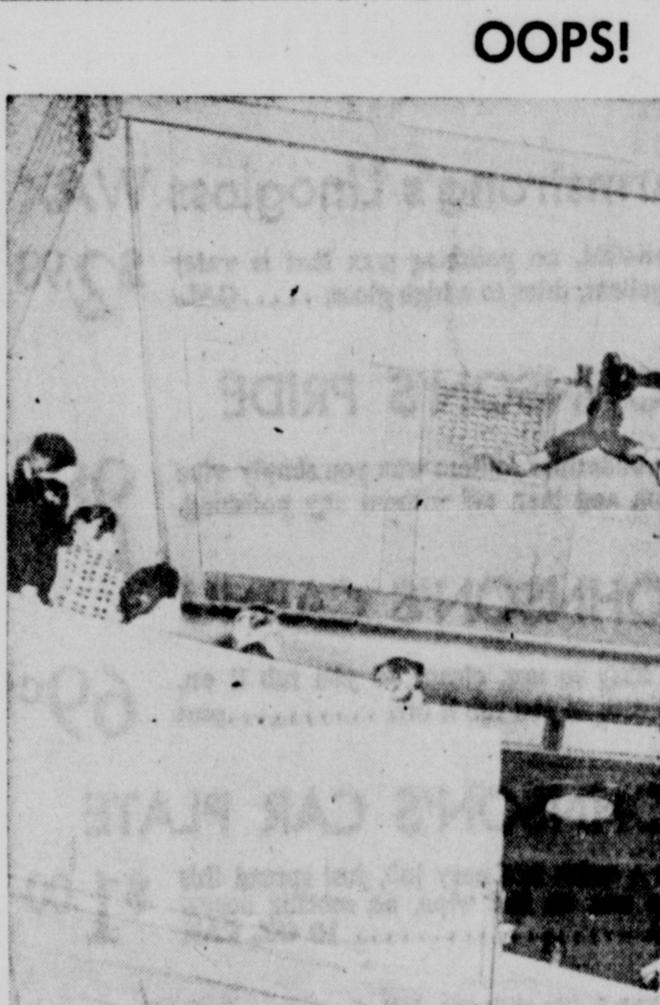

Acme Telephoto

GUADALAJARA, MEXICO—President Miguel Aleman of Mexico throws the switch on an Acme Telephoto Trans-ceiver to send the first picture transmission by wire to Mexico City. The President's touch, seen in operation, Mexico's first Telephoto network. In the editorial office of El Sol de Guadalajara, Joe Lopez (left) talks over the phone to tell Mexico City that the picture is about to start. Newspapers in five Mexican cities are now linked by Acme Telephoto, with connections to the United States Telephoto network via Dallas, Texas. This is the network on which the New Castle News receives Acme newscasters from all over the world.

Pfau Gets Permit For New Building

George 'Found' By Ma-In-Law

ZENO J. Pfau today received a permit from the city bureau of building, city hall, to erect a building to be used as a salesroom and garage at 301 West Washington street, which he estimated will cost \$60,000.

It will be a one-story building, located at West Washington and Front streets. It will be of stone construction with a glass front facing West Washington street.

The size of the structure will be 60 feet deep and 70 feet in front.

'Cleanup Day' At S.C.N. Boro Saturday

On Saturday, March 31, it will be "Cleanup Day" in South New Castle, as announced by Anthony Owoc, president of the Boro council. All cans must be placed at the curb as there will be no collection.

She said she talked him into making a recording and later took it to Richard Rogers and Oscar Hammerstein, producers of "South Pacific" who were seeking a replacement for Ray Middleton when he leaves the show in June.

Mrs. Gabor said Rogers and Hammerstein were so impressed with Sanders' voice that they offered him his big chance to play the new-celebrated role of the French planter in the smash Broadway musical hit.

Best 'Foul Weather' Pilots Are Being Developed

By RAFAEL STEINBERG
(U. S. War Correspondent)

ANCHORAGE, Alaska, March 29.—(Delayed)—In Anchorage today the echoes of sled dogs barking have not been drowned out by the thunder of jet plane motors.

The modern military installation at Anchorage, complete with Radar, teletype and radio, and depending almost entirely on air transport, is still surrounded by reminders that Alaska was only recently a primitive frontier. They also remind one that this is still largely a rough and terrible wilderness.

For the military personnel of Elmendorf air base in Anchorage, the most constant reminders that Alaska is only an outpost of American civilization are the mountains, the weather and the housing conditions.

The Chugach mountains to the east of Anchorage and the Alaska range to the north and west are only two of the hazardous ranges that make aviation difficult in this part of the world.

Three years ago a commercial airliner went down on Mount Sanford in the Wrangell chain but so desolate and inaccessible is the country that no searching party could ever reach the wreckage, clearly visible from the air.

Developing Foul-Weather Pilots
Weather conditions that fluctuate drastically within a few miles, such as snow storms, interminable fogs and sub-zero temperatures, are developing in Alaska what are perhaps the best foul-weather pilots in the world.

Conditions on the ground, fully the equal in ferocity to the air, make more impressive Lt. Gen. W. E. Kepner's directive that requires every uniformed man on the base to spend at least one night every six months "camping" outdoors in the wilderness.

Ickes Not Planning To Return To U.S. Government Service

WASHINGTON, March 29.—(INS)—Former Interior Secretary Harold L. Ickes said Wednesday he has no plans for reentering government service and denied that he has been offered a top post in the Reconstruction Finance Corp.

Ickes made the statements after a visit to the White House. He specifically denied that he had discussed a job with President Truman.

There was a report that Ickes would be named as the one-man

boss of the RFC when and if Congress approves the president's reorganization plan to eliminate the agency's present five-man board.
